

DECLARATION OF NDL ASSOCIATION FOR A DSP

Purpose

In accordance with clause 2.29.5B of the Market Rules, a Market Customer with a Demand Side Programme (DSP) may apply to the AEMO to associate a Non-Dispatchable Load (NDL) with a DSP in the Western Australian Wholesale Electricity Market (WEM).

This declaration *may* be completed by a Market Customer in order to demonstrate to the AEMO that an associated Load has agreed to provide curtailment on request, in accordance with the requirements of clause 2.29.5B(a) of the Market Rules, where the Market Customer fulfils **either** Criteria A or B below.

- **Criteria A** – The Market Customer has entered into a contract with the person who owns, operates or controls a Load to provide curtailment on request by the Market Customer
- **Criteria B** – The Market Customer owns, operates or controls the Load to provide curtailment,

This declaration is not required if the Market Customer intends to submit a copy of the original demand response contract with its customer, provided the contract meets the requirements of clause 2.29.5B of the Market Rules. This declaration, or the original demand response contract, may be submitted in the **DSP NDL Association Form** in WEMS MPI. If you intentionally make a false statement in this declaration you may subject to a compliance action from the AEMO and may attract a Capacity Credit refund.

This declaration should not be altered without the prior consent of the AEMO.

If you need assistance to complete this declaration, please contact Market Operations (WA) by phone on (08) 9254 4336, or by email to wa.operations@aemo.com.au.
