

NOTICE OF FIRST STAGE OF CONSULTATION

National Electricity Rules – rule 8.9

POWER SYSTEM MODEL GUIDELINES

Date of Notice: 5 March 2018

This notice informs all Registered Participants and interested parties (**Consulted Persons**) that AEMO is conducting a consultation on the Power System Model Guidelines.

This consultation is being conducted under clauses S5.5.7 of the National Electricity Rules (**NER**), in accordance with the Rules consultation requirements detailed in rule 8.9 of the NER.

Matter under Consultation

The matter for consultation is the Power System Model Guidelines, a document that has evolved from the Generating System Model Guidelines as a result of the National Electricity Amendment (Generating System Model Guidelines) Rule 2017 No.11.

The draft Power System Model Guidelines was developed by AEMO with input from the Power System Modelling Reference Group, which included representatives from industry experts and Network Service Providers and AEMO. AEMO sought to:

- Leverage the practical knowledge since the application of the Generating System Model Guidelines.
- Clarify long-standing issues.
- Capture the modelling requirements to be able to securely operate and plan the NEM with a rapidly changing mix of technologies.
- Capture the modelling requirements for the extended set of studies now required to correctly assess plant performance under reduced system strength conditions.

A consultation draft of the Power System Model Guidelines is published with this notice.

The Consultation Process

The consultation process is outlined below. Dates are indicative only and subject to change.

PROCESS STAGE	INDICATIVE DATE
Closing date for submissions in response to this Notice	12 April 2018
Publication of Draft Report and Determination	10 May 2018
Closing date for submissions in response to the Draft Report and Determination	25 May 2018

Invitation to Make Submissions

AEMO invites written submissions on the matter under consultation, including any alternative or additional proposals you consider may better meet the objectives of this consultation and the national electricity objective in section 7 of the National Electricity Law.

Please identify any parts of your submission that you wish to remain confidential, and explain why. AEMO may still publish that information if it does not consider it to be confidential, but will consult with you before doing so.

Please note that material identified as confidential may be given less weight in the decision-making process than material that is published.

Meetings

In your submission, you may request a meeting with AEMO to discuss the matter under consultation, stating why you consider a meeting is necessary or desirable.

If appropriate, meetings may be held jointly with other Consulted Persons. Subject to confidentiality restrictions, AEMO will generally make details of matters discussed at a meeting available to other Consulted Persons, and may publish them.

Closing Date and Time

Submissions in response to this Notice of First Stage of Rules Consultation should be sent by email to ModelGuidelines@aemo.com.au, to reach AEMO by 5.00pm (Melbourne time) on 12 April 2018.

All submissions must be forwarded in electronic format (both pdf and Word). Please send any queries about this consultation to the same email address.

Submissions received after the closing date and time will not be valid, and AEMO is not obliged to consider them. Any late submissions should explain the reason for lateness and the detriment to you if AEMO does not consider your submission.

Publication

All submissions will be published on AEMO's website, other than confidential content.
