1. Please provide your views on the Procedure Change Proposal, including any objections or suggested revisions:

1. LGP supports the procedure change proposal on the grounds that Rule Change 2010-11 has rendered it redundant and removed the Head of Power for its maintenance.

2. Please provide an assessment whether the Procedure Change Proposal is consistent with the Market Objectives and the Wholesale Electricity Market Amending Rules.

LGP considers that revocation of the procedure is consistent with the Market objectives, and that to do not revoke it would impair their integrity.

3. Please indicate if the Procedure Change Proposal will have any implications for your organisation (for example changes to your IT or business systems) and any costs involved in implementing these changes.

The procedure change will not impact adversely on LGP.

4. Please indicate the time required for your organisation to implement the changes, should they be accepted as proposed.

LGP could implement the changes immediately.
